Albemarle County's fire rescue volunteers are real life heroes

that make a difference every day!

Volunteers are needed as firefighters, emergency medical technicians, and specialized rescue personnel.

Volunteers are also needed to assume administrative and support roles.

Training is provided; you provide the time.

Our System

Albemarle County has a unique emergency services system. Volunteer and career personnel cooperatively provide fire, rescue, and emergency medical services to the community, while partnering with other local and regional organizations. We are an equal opportunity, progressive organization whose goal is to provide the highest quality service within the constraints of our funding and personnel resources.

The department provides emergency fire, rescue, and medical services for nearly 93,000 residents and 726 square miles of land. Our stations serve both urban and rural response areas with an annual population growth increase of 2.1 percent. Our population growth, while moderate compared to some, challenges us to find creative ways to maintain high standards and meet our ever-increasing demands for service.

Volunteer Opportunities

We need people like you to join our team and to provide vital emergency services to our community. Make a difference, and be there for your friends and neighbors when it really matters. You don't need previous experience or training; we will provide your training free-of-charge.

Training Opportunities

- Fire Academy (Firefighter I & II)
- Emergency Medical Technician Academy
- Driver-Aerial Operator
- Driver-Pump Operator
- Emergency Vehicle Operator
- Officer Academy
- Advanced Life Support (EMT-I & EMT-P)
- Other Specialty Training Opportunities

If responding to emergencies isn't for you, there are many other ways you can help:

- Administration
- Bookkeeping & Data Entry
- Building & Grounds Maintenance
- Fundraising
- Public Relations
- Stress Management
- Vehicle Repair & Maintenance

We Are Accepting Applications

Albemarle County's fire rescue stations are seeking motivated individuals who want to make a difference in the community in which they live, work, and play. As a volunteer, you will learn valuable skills, build lasting friendships, develop leadership abilities, and engage in networking and socializing, all while helping your friends and neighbors. If you don't prefer to answer emergency calls, there are many non-operational opportunities for you to help.

**It takes courage, compassion, commitment, and community to bring it all together.
Do you have what it takes?**

To take the next steps

- Visit us online at www.ACFireRescue.org and complete an application
- Call the recruitment Hotline: 434.296.5825
- Send an e-mail to volunteer@acfirerescue.org
- Complete and return the attached postcard
