### To be paid after staff review for public notice:

Most applications for a Zoning Map Amendment require at least one public hearing by the Planning Commission and one public hearing by the Board of Supervisors. Virginia State Code requires that notice for public hearings be made by publishing a legal advertisement in the newspaper and by mailing letters to adjacent property owners. Therefore, at least two fees for public notice are required before a Zoning Map Amendment may be heard by the Board of Supervisors. The total fee for public notice will be provided to the applicant after the final cost is determined and must be paid before the application is heard by a public body.
