Albemarle Conservation Easement Authority

Easement Donation Proposal Summary

Property Description

Owner(s)	OW VA LLC
Tax Map – Parcel Numbers	Tax Map 120 Parcels 25B, 25C
Acreage	23.11 acres
Location	7095 Esmont Rd

Minimum Standards

In order for an easement to be considered by the ACEA, the answers to the questions in Table 1 must all be "yes" or "n/a."

Table 1: Minimum Standards	
Standard	Response
Granted in perpetuity?	Yes
Consistent with Albemarle County Comprehensive Plan?	Yes
Only permits structures or other improvements in locations that avoid	Yes
impacts to the resources to be protected.	
Eliminates some residential development potential?	Yes – approximately 7 potential dwellings eliminated
If property is 40 acres or more and proposed density is more than 1 unit per 40 acres, are new dwellings prohibited?	n/a
If property is under 40 acres, are 0-1 dwellings permitted (or no new dwellings if 2 or more already exist)?	Yes

Resource-protection Standards

Any easement being considered by the ACEA should include *at least* the minimum number of protection standards listed in the table below. Easement that protect more resources, or that have stronger restrictions, will be stronger candidates. The standards are described in Table A.

Property Size	Density	Minimum number of protection standards to be met (see Table A)
40 acres +	1 unit/40 acres or less	1
40 acres +	More than 1 unit/40 acres	1
Under 40 acres		2

Table A: Qualifying Standards for Resource Protection

The table below identifies resources that the ACEA considers important for protection. The "proposed terms" column describes how those resources will be protected.

Open Space: Farmland, Forest Land, Natural Resources Critical Slopes (areas of slopes of 25% or greater, particularly those uphill of important water resources such as water-supply areas or aquatic habitat) Important Stream Valleys, 100-year Floodplain, Perennial Streams Sensitive Soils (unsuitable for development due to problems with flooding, wetness, or insufficient depth to bedrock) Wetlands Virginia Scenic Rivers and County Scenic Streams Water Supply Impoundments Water Supply Protection Areas A portion of parcel 25C is in the watershed of the Totier Creek reservoir. Development restrictions on this area would help to protect this public water supply. Mountain Protection Areas Farmlands and Productive Soils (parcels of 40 acres or more only) Forests (parcels of 40 acres or more only) Important Wooded Areas (Development Areas) — designated wooded areas from Open Space Plan only State Scenic Highways, Virginia Byways and Entrance Corridors Adjacency to existing conservation easements, parks, or other conserved land Habitat Protection Habitat Protection	Resource To Be Protected	Degayman Dragant & Effects of Dranged
Open Space: Farmland, Forest Land, Natural Resources Critical Slopes (areas of slopes of 25% or greater, particularly those uphill of important water resources such as water-supply areas or aquatic habitat) Important Stream Valleys, 100-year Floodplain, Perennial Streams Sensitive Soils (unsuitable for development due to problems with flooding, wetness, or insufficient depth to bedrock) Wetlands Virginia Scenic Rivers and County Scenic Streams Water Supply Impoundments Water Supply Protection Areas Farmlands and Productive Soils (parcels of 40 acres or more only) Important Wooded Areas (Development Areas) — designated wooded areas from Open Space Plan only State Scenic Highways, Virginia Byways and Entrance Corridors Adjacency to existing conservation easements, parks, or other conserved land The property shares approximately 500 feet of boundary with an existing conservation easement. An easement on this property would help to create a larger contiguous protected area.	Resource To be Protected	Resources Present & Effects of Proposed Terms

Summary of Restrictions

☐ Subdivisions permitted	No subdivisions. Two parcels to be conveyed as a single property.
☐ Dwellings permitted, with sizes	Existing 4,264-square-foot dwelling or its replacement, up to 5,000 square feet of finished above-ground living space.
☐ Other structures permitted, with sizes	Accessory structures and farm buildings up to 1,500 square feet
☐ Agricultural uses	Standard terms. No clearing for agriculture on parcel 25C.
☐ Forestry uses	Standard terms. Parcel 25C to remain forested.
☐ Grading and earthmoving	Standard terms
☐ Commercial uses	Standard terms
☐ Riparian Buffers	n/a
