SP201800020 WVIR-TV Replacement of Existing TV Broadcasting Tower – Planning Commission Recommendation

Based on the findings described in the staff report and factors identified as favorable, Planning Commission **RECOMMENDS APPROVAL** of special use permit application SP201800020 with the following conditions:

1. The development of the site, and any modifications, shall be in general accord with the conceptual plan, provided in this staff report as Attachment B, consisting of (a) a survey by Thomas B. Lincoln, dated October 17, 2018, last revised October 31, 2018, titled "*Exhibit Showing WVIR-TV Self Supporting Replacement Tower Lease Area*," (b) a preliminary antenna design by AlanDick Jampro Antennas, Inc, and (c) an aerial locator map depicting the site location (collectively, hereafter "Conceptual Plan"), as determined by the Director of Planning and the Zoning Administrator. To be in general accord with the Conceptual Plan, development and use shall reflect the following major elements within the development essential to the design of the development, including but not limited to all concealment elements and concealment technique, as shown and described on the Conceptual Plan and mentioned below:
 - a. The height of the tower may not exceed 240.25 feet and the top of any antenna may not exceed 314.25 feet above ground level. No equipment, with the exception of any FAA required flight safety lighting, may extend more than 50 feet above the top of any antenna;
 - b. The width of each side of the tower may not exceed 26 feet at its base, and 3.5 feet at the top;
 - c. The colors of the tower shall be red and white.
 - d. Antennas that support services other than television broadcasting may not be attached to the facility.
 - e. Only those satellite and microwave dishes that are necessary to support the transmission of television signal(s) shall be permitted on the tower or the television antenna.
 - f. No guy wires shall be permitted;
 - g. Notwithstanding the above conditions, additional facilities, including equipment, antennas, and microwave dishes necessary for emergency communications system(s), may be placed on this tower if the applicant and lessee of the tower enter into an agreement with the County to do so.

Minor modifications to the plan which do not conflict with the elements above may be made to ensure compliance with the Albemarle County Zoning Ordinance.

2. Prior to the issuance of a building permit, the applicant shall submit, and Planning staff shall review, the final set of site drawings for construction of the facility to ensure compliance with all conditions of the special use permit;
3. The facility shall be disassembled and removed from the site within 90 days of the date its use for television transmission is discontinued. If the Zoning Administrator determines at any time

that surety is required to guarantee that the facility will be removed as required, the permittee shall furnish to the Zoning Administrator a certified check, a bond with surety satisfactory to the County, or a letter of credit satisfactory to the County, in an amount sufficient for, and conditioned upon, the removal of the facility. The type of surety guarantee shall be to the satisfaction of the Zoning Administrator and the County Attorney;

The use, structure or activity for which this permit is issued shall commence no later than September 6, 2020. The term "Commence" shall mean commencement of the structure that is necessary for mounting the television antenna;

RECOMMENDED ACTION – SPECIAL EXCEPTION:

Planning Commission **RECOMMEND APPROVAL** of the requested Special Exception to modify the required setback specified in County Code § 18-4.10.3.1(b), with the following condition:

1. The tower shall be located no closer than 30' to the adjacent property line (TMP 91-18A).

ATTACHMENT 2 –

SP201800022 Dogtopia – Planning Commission Recommendation

Based on the findings described in the staff report and factors identified as favorable, Planning Commission recommends approval of special use permit application SP201800022 with the following conditions:

1. Development of the use shall be in general accord with the conceptual plan titled “Dogtopia” prepared by RJA Architect and Roudabush, Gale & Associates, with the latest revision date of 2/4/2019, as determined by the Director of Planning and the Zoning Administrator. To be in general accord with the Conceptual Plan, development shall reflect the following major elements within the development essential to the design of the development:
 - Location of outdoor play area and fence as shown on the plan.

Minor modifications to the plan which do not conflict with the elements above may be made to ensure compliance with the Zoning Ordinance.

2. Outdoor play hours shall be restricted to no earlier than 8am and no later than 7pm.
3. The proposed landscaping within the stormwater drainage easement will be limited to shrubs and small trees (as listed in the County approved plant list). No medium or large tree(s) shall be planted within the easement.
4. The applicant shall receive County Engineer approval for a report pursuant to Section 4.18, to confirm that the proposed use will stay below a 65-decibel maximum, as measured within the interior of the nearest tenant space, prior to approval of the site plan amendment.
5. A parking study shall be provided by the applicant, subject to approval by the Zoning Administrator, to confirm that there are a sufficient number of spaces on site and to ensure there are no parking conflicts with other shopping center tenants when more than the seven allotted parking spaces are needed, prior to the approval of the site plan amendment.
6. The fence shall not conceal any part of the triple window on the southeast corner of the building or either of the 2 easterly brick piers.
7. The fence material and detailing are subject to ARB review. An 8-foot-tall fence shall have only bottom and top rails (no intermediate rails). The fence color shall be coordinated with the existing building colors and is subject to ARB approval.
8. Landscaping shall be provided on the east and south sides of the fence to the satisfaction of the ARB.
9. No tinted or reflective films or similar materials shall be applied to windows visible from the Entrance Corridor. Window glass visible from the Entrance Corridor shall remain transparent.

ZTA201900002 Agricultural Operations Amendment – Phase I – Planning Commission Recommendation

Planning Commission reviewed and provided input on the proposed text amendment which would eliminate inconsistencies and align regulations relating to events at agricultural operations with those for events at FWBDs. This would include the following changes (See minutes for details):

- 1) Add curfews for outdoor amplified music
- 2) Require neighbor notification for zoning clearances for events at agricultural operations
- 3) Update setbacks
- 4) Require a 5-acre minimum on-site acreage in production for agricultural operation events
